

Gliding Trial Lessons

Do you fancy gliding silently above the stunning Cotswolds, looking out to the river Severn or maybe sharing a thermal with a buzzard or two? A trial lesson gives you a fun and thrilling flying experience, soaring over the countryside whether you're nine or ninety!

The Cotswold landscape from the air is something not to be missed. Add the silence and exhilaration of a glider flight and it makes the experience even more special.

Whether it's for you, a gift or just helping someone else fulfil an ambition, a trial lesson is a great introduction to the affordable sport of gliding and learning to fly.

Our instructors are there to ensure you get the most out of your flight, teach you the basics and (if you want to) let you take control of the glider.

Trial Lessons provide the following:

- A chance to experience the thrill and exhilaration of gliding
- A memorable experience as a gift or just for you
- One of the most scenic locations in the UK
- Friendly Qualified Instructors – there to make your flight as enjoyable as possible

Prices from £35

Gliding Courses • Group Flying • Gliding Holidays • Junior Membership Scheme
